back free of Cost probably owing to their having Municipal undertakings and that the electric light was put up some two years back in the Venkataramana Swamy temple on the recommendation of the Municipality while distributing the 37 lights which had stood over after the original allotment, and invites attention to recent orders of Govt re the duties of the appointment of the Cost of giving water supply Connections to religious and Charitable institutions.

6 Subt for orders

The petitioners' prayer is that the Kavitharpur Mutt by the side of the Ramdurgam Choultry may be provided with electric light and water facilities as in the Case of other religious and Caste institutions in the City and elsewhere in the province.

7 The electricity and water supply undertakings are worked on Commercial lines and the Departments have Control themselves as Credit for services rendered. The Supdg Engr, Southern Circle says that water supply Connection may be given on payment of the Cost by the Mutt authorities. The Chief Electrical Engineer's report has not been

received 9th. The President of the Bangalore City Munic. Council, while admitting that such facilities were afforded to certain religious institutions on previous occasions either by Govt. or by the Municipality, adds that "the City Municipality is not in a "position to meet the cost of providing "either lighting or water-supply facilities to "any religious or charitable institution that "may be in need of them."

Draw 29.9.14

(2) The premises in which the "Brindavan", the chief object of pilgrimage, is situated is not really the property of the Mutt, but is a part of the late Gundopanth's Chattram now almost in ruins. The Mutt, besides, belongs to Ekdeshi & does not appear to have any agent or other establishment in Bangalore. It does not therefore appear possible to make the Mutt pay for these small conveniences. The D.P.W. and the Municipality have even recently provided such things in several such institutions in the city, and the present is a suitable case for favorable.

To

D.M.Narasinga Rao, Esq., B.A., B.L.,

Offg: Secretary to the Goverment of Mysore,

General and Revenue Departments, BANGALORE.

Sir,

With reference to correspondence ending with your reminder No.537 (ml) dated the 11th July 1914, calling for a report on the petition of Seshachar and others for electric lighting and water supply facilities to the Krishnapur Mutt in Siddicutta, Bangalore City, I have the honour to forward herewith a copy of letter No.5323 dated the 11th July 1914 from the Superintending Engineer, Southern Circle, stating that water supply to the Mutt may be given if the agent agrees to bear the charges therein referred to. Reference is al invited to G.O.No.1453-9/9150-88 dated the 13th November 1912 on the subject.

2. As regards the electric lighting, the report called for from the Chief Electrical Engineer has not yet been received. He has again been requested to expedite it.

3. The petition received with your letter No.10943/Ml.87-13 dated the 1st May 1914 is herewith returned.

I have the honour to be,
Sir,
Your most obedient servant,

For Offg: Chief Engineer of Mysore

OFFICE OF THE PRESIDENT,
MUNICIPAL COUNCIL,
BANGALORE CITY, DATED 21st Sept: 1914

FROM

D2183

DEWAN BAHADUR RAJA SABHA BHUSHANA
K P. PUTTANNA CHETTY, ESQ,
Honorary President, Municipal Council,
Bangalore City

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore

SIR,

With reference to your letter No. 1900/Ml. 87-13-7 dated the 20th August 1914 forwarding a petition by Seshachar and other citizens of Bangalore, praying for lighting and water supply facilities to the Krishnapura Mutt by the side of Gundopanths Choultry, and enquiring whether facilities given to certain religious institutions such as Rameswara temple and Venkataramanaswami temple, cannot be provided also to the Mutt referred to in the petition, I have the honor to state that the water supply connection to the two temples above referred to was provided free of cost by the Water Supply Department some years back without reference to the Municipality, probably owing to their being Muzroi Institutions.

2. An electric light was put up some two years back in the Venkataramanaswami temple by the Electrical Department on the recommendation of the Municipality while distributing the [illegible] lights which had stood over after the original allotment.

3. According to the revised water supply rules sanctioned

in

191

From

To

Dated

Despatched

Received

General No.

No.

Enclosure No.

9

in Government notification No. 770-5375 dated the 29th June 1912, religious and charitable institutions are also required to pay the cost of water supply connections to them. In Government order No. 1453-91/9150-88 dated the 13th November 1912, it is laid down that if free water supply is needed for any such institution, it should apply through the Department of Government from which it draws a grant-in-aid when, if Government sees fit to grant the prayer, the initial cost of the water connection and the charges for excess water supply may be sanctioned as a supplemental grant to the Department concerned or as an addition -al contribution to the particular institution concerned. The Municipality is not in a position to meet the cost of providing either lighting or water-supply facilities to any religious or charitable institution that may be in need of them.

4. The petition received with the letter under reply is herewith returned.

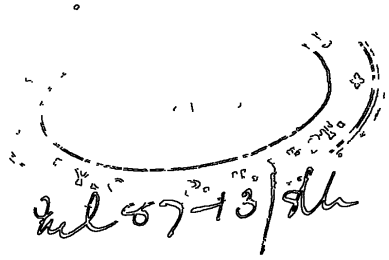
I have the honor to be

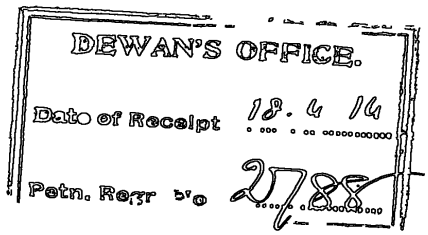
Sir

Your most obedient servant

Honorary President.

hss





To

M. Visvesvaraya, Esquire, M.I.C.E., C.I.E.,

D e w a n of M y s o r e,

B A N G A L O R E.

Respected Sir,

We the undersigned beg to bring the following to your kind consideration and favour of early orders:-

We beg leave to submit that we presented our humble petition in the month of December 1913 for the favour of installing an electrical light and for the supply of water to the Krishnapur Mutt by the side of the Gundopunt Choulty but hitherto no notice seems to have been taken in the matter. Many people (brahmins) have been coming to this place from various parts and mostly from Udapi. The inconvenience that is felt for want of the said light and water is beyond expression The danger that is apparent in the premises by the presence of a tank inside is also explained in our previous petition But we cannot but keep that tank under the present circumstances.

We also beg to submit that while Mr. N.Subba-Rao was the Vice President of the City Municipality had promised and also, we believe sanctioned to supply the electric light but the reason why those orders are not given effect to is not known to us.

We therefore most earnestly pray that in the interests of the piligrims and the noble and sacred Institution your honour will at least be gracious enough to pass early orders in the matter and thus afford convenience to us as you have been pleased to grant in the case of other religious and

sacred institutions both in the Bangalore City and in the province. The supply of water will not only be a help to out-siders but will be a great safe-guard to many a life that will be held in danger of being drowned in the said tank, and an addition of light cannot be too highly estimated. tHE tank is very useful for people.

Soliciting the favour of early orders,

We beg to remain,

Respected Sir,

Your most obedient servants,

Agent of the Krishnaput Mutt of Udavi

Bangalore.

19th March 1914.

12
